

BIOLOGY SENIORS:

DO YOU STILL NEED BIOL 599 TO GRADUATE?

Beat the Fall crowd!

Now this 1 credit course is offered
this **SUMMER** by Dr. Gerry de Boer.

Enroll in **BIOL 599, SUMMER 2019**

WF: 10:00-10:50 am, Class #: 83909, HAW 3012: 1 Credit
Maximum Class size: 12 students

Course objective: to expose students to the fascinating subjects in the **area of Biology** and to develop critical thinking by discussing primary scientific literature. Emphasis is placed on providing seniors with an appreciation of the discipline's state-of-the-art and on developing skills for success in the next stage of a career in the biological sciences.

Prerequisite. This course must be taken in the final year of a degree and students must have completed most of the course work required for one of the degrees in the Biological Sciences.

Format: Students select one recent paper from the primary scientific literature for their own presentation and participate in discussions on papers presented by the other students.
